

U12 SKILLS PROGRAMME

For Under 12 Girls and Boys

.... a great introduction to the sport of water polo
For non-club members (born on or after 1.1.99)

For the unfamiliar, Water Polo is a fast paced game that involves swimming, ball handling, coordination, and strength. Kids in our Under 12 programme will gain an understanding of the skills and game concepts necessary to be proficient in water polo through fun drills that will enhance leg strength and throwing mechanics.

If your kids are looking for a new challenge in the water, then take the plunge and sign up for our U12 Programme today!

Coaches Rob and Barry will help players develop a tremendous amount of ability and natural sense for the game through focusing on the fundamentals. Your children will make new friends, set goals, learn teamwork, and take part in a developmental sports conditioning program that will improve their overall strength and fitness.

Under 12 Water Polo is wonderful and did we mention ... **its just plain FUN!**
